

Application for renewal of EN ISO 9712 certificate

According to the rules in the standard EN ISO 9712:2012 regarding renewal of certificaters, I hereby apply for renewal of my certificate specified below.

EN ISO 9712 cert number: _____

Expiry date: _____

Name: _____

Personal Identity No. _____

Address: same as original certificate

New address: _____

Statement from employer:

Note: A verification shall be made by the employer that the certificate holder still has the competence according to validity in the certificate. Verification shall also be made below of continued satisfactory work activity without significant interruption. The same rules applies also if the certificate holder has had more than one employer during the period.

We hereby verify that the applicant is employed by us and:

- Has continously performed satisfactory work activity in the method for which renewal is sought without interruption (§3.27) for a period of 1 year or (if more than one period absence) a total length of more than 2 years during the period of the certificate validity.
Attach a copy of the certificate (make sure all signatures are complete).
 accumulated time of absence at previous employer.....months during the validity of the certificate (5 years).
- passed a vision acuity test according to rules in EN ISO 9712:2012 within the last 12 months period. **Verificate of vision test shall be attached to this application.**

Request for PED: Conformation that the above named person has competence and practical experience of relevant parts in AFS 2016:1 and the directive 2014/68 EU (PED).

Period of employment at present employer: _____

Employer name: _____

Employer address: _____

Contact person at employer: _____

I hereby confirm that information above is true and certification has not been applied for at other certification body. I am also aware of that the certificate could be withdrawn in case of violation of code of ethics. The "code of ethics" can be read and downloaded at www.ndttraining.se.
